Guest Speaker: Keith Potter

Message:
Bigger, Closer, Clearer
Psalm 34

1. Just how big is God? Do your best to explain your concept for the size and scope of God.
2. How big is God in your life? Be as realistic as you can. Too big? Too little? Somewhere in between?
3. God around you...God with you...God in you...what aspect of God's "closeness" do you find most helpful? If God seems distant, describe the experience.
4. On Sunday, the speaker mentioned his great respect for agnostics, while embracing the "gall" of this fundamental Christian claim: that God is "knowable"? If a friend says to you, "If it helps you to think that God is knowable, good for you, but I want evidence." How would you answer?
