2:1-25

1. What's the most questionable place you have ever gone swimming?
2. What do you think keeps people returning to the Blue Lagoon even after knowing the dangers?
3. What does Life in God mean to you?
4. What do you think are the greatest impediments to Life in God?
5. What aspects of Silicon Valley are like the Blue Lagoon?
6. What "signs" in the Bible help keep you out of the toxic waters?
7. How do you think the Church struggles with handling the fine line between gifts/idols? What would be a better way?
8. What are some of God's gifts that lead you to worship?
9. What gifts are you prone to turn into idols? Who do you allow to keep you accountable on this issue?
10. Challenge: Take time this week to do an inventory of your gifts and then: 1) Take time to worship him for them, and 2) ask a friend to assess your gifts for potential idolatry.
